BULKLEY CHEERED AT ST. JAMES' FORUM!

Addresses a Large Crowd and Answers Questions — Some Things He Said—Against Prohibition.

More than 300 persons—said to be St. James forum's largest known attendance—Sunday afternoon cheered Ex-Congressman Robert J. Bulkley, Democratic nominee for U. S. senator, at St. James' A. M. E. church, 8401 Cedar Ave., and pledged their support to his candidacy. At the close of his speech, which was broken many times by applause, the pastor announced that a meeting would be held, Monday night, to organize a group of Bulkley workers. One member of the audience brot cheers when he addressed the speaker as "Senator Bulkley." In his appeal for the repeal of the Eighteenth Amendment, Bulkley asserted his disbelief in the possibility of enforcing a law against public sentiment and declared prohibition was a matter for state control and should not be connected with the federal government.

"Although prohibition is not yet a party issue on either side, it is an issue in this campaign," Bulkley said. "I have said frankly that I favor the repeal of the Eighteenth Amendment. My opponent has said he is a dry, from which we assume that he is against any change.

"The abuses of the saloon have been eliminated by prohibition. But we do not need a provision in the federal Constitution to keep Ohio from doing a foolish thing, such as restoring the saloon. I would fight any change that meant the return of the saloon."

Want Pay For Slaves.

Washington, D. C.—A southern representative in Congress, by the name of Larsen, has fathered House Resolution, No. 13223, which if adopted will "confer jurisdiction upon the Court of Claims to hear and determine the claims of owners of slaves, or their heirs, for loss resulting from the issuance of the Proclamation by Abraham Lincoln."

A WONDERFL (?) OPPORTUNITY

For "A Nice, Clean Young Man" to Work For Nothing and Attend Church and S. S.

Atlanta, Ga.—The following advertisement appeared in the Georgia Market Bulletin, Department of Agriculture, Sept. 25, 1930:

"Farm Help Wanted"!

"Want a good single man, 25 or 30 years old, to plant and run a small truck farm and do other light work. Must know how to drive and fix a car or truck, be sober, honest and a willing worker and like to go to Sunday school and church. Be very clean and nice. Will pay $12.50 per month, board and washing and a good home to stay."

What a wonderful opportunity for a "nice clean young man"! All he has to do is to operate a farm, run a truck, be a mechanic, work "like hell" 14 or 16 hours a day for $12.50 a month. No wonder this farmer wants the young man to go to church and pray to the Lord for giving him such a **wonderful** opportunity!

CHAIRMAN GONGWER

Urges Local Afro-American Voters to "Snap the G. O. P. Spell" He Terms "Mesmerism."

A plea to our folk to "break the spell of Republican mesmerism" and vote according to convictions, they have formed independently, was voiced, last week Friday night, by W. Burr Gongwer. Democratic county leader, at a meeting of the Eighteenth Ward Democratic club, 8914 Cedar Ave.

"It is time that Afro-American voters should do something other than deliver votes to the Republican party en masse. They should think for themselves and vote for the candidate they think fit, regardless of party," Gongwer declared.

Colored voters will find current Democratic candidates worthy of their support, Gongwer said. Other speakers were Joseph Gorman, candidate for county commissioner, and David Ralph Hertz and Norman S. Minor, assistant county prosecutors.

BULKLEY QUESTIONS AND HIS ANSWERS!

The N. A. A. C. P. Submits a Questionnaire to Senator Roscoe C. McCulloch's Democratic Opponent.

The Cleveland and Cincinnati branches of the N. A. A. C. P. have voted to oppose U. S. Senator McCulloch. Further action along this line was taken at a meeting of delegates from 24 Ohio branches of the association at Columbus, Sunday.

Confers With Bulkley.

Walter White, acting secretary of the N. A. A. C. P., was in Cleveland, recently, and conferred with Ex-Congressman Robert J. Bulkley, the Democratic nominee for the U. S. Senate. Following that conference, Mr. White said:

"Senator McCulloch deliberately chose, against the protests of the N. A. A. C. P. and our voters generally throughout Ohio, to vote for the confirmation to the U. S. Supreme Court of a man who had advocated denial to the Afro-American of one of his fundamental rights, **the right to vote.**

"When I was in Cleveland, at the request of the Democratic candidate, Robert J. Bulkley, I met with him in order to give him an opportunity to set forth his views on the rights of the Afro-American. Those views are embodied in the following set of questions and answers:

The Questions and Answers.

Q.—What is your attitude regarding full enforcement of the rights of all citizens, but particularly of Negroes, guaranteed to them under the Fourteenth and Fifteenth Amendments to the Federal Constitution?

A.—I would vote in favor of deciding any contested election case strictly in accordance with the law and the Constitution.

Q.—What would be your attitude, if elected to the Senate, toward the passage of a bill by the federal legislature against the crime of lynching?

A.—I abhor lynching. I would vote for any constitutional law to this end.

Q.—What would be your attitude, if elected to the Senate, toward a nominee for the United States Supreme Court whose attitude in the matter of enforcement of the constitutional rights of the Negro or of any other element of the American public was doubtful?

A.—I would want to be satisfied as to the correctness of his attitude. Had I been in the Senate I would certainly have voted against the confirmation of Judge Parker.

Q.—What is your attitude toward segregation of Negro pupils in schools, universities and colleges supported in whole or in part by public funds contributed by the state or by the federal government?

A.—This is a question which I think for the present has to be solved in each individual case. I would be in favor of such solution as would recognize equality of rights of all citizens, subject however, to reasonable precaution against increasing friction and race animosity.

Q.—Would you favor steps to insure equal apportionment as among Negroes and whites, of federal money given to the several states in aid of education, where inequalities now obtain?

A.—I am opposed to the national government meddling in state affairs such as education. But I do think equal opportunity should be given to all regardless of color.

Q.—What is your feeling with regard to the right of qualified Negroes to appointive offices either in the state or federal government.

A.—Rights are equal regardless of color.

HITS SNAG IN LOTTERY DRIVE.

Judge Hull Rules Slips Alone Are Not Sufficient Evidence—Payne, Green and Workhouse Sentences.

The activities of Capt. Emmet J. Potts' "racket squad," which has been cleaning up bank clearance policy games through the arrest of scores of alleged "writers," met a reverse, last week Thursday, when Municipal Judge Bradley Hull discharged two cases for insufficient evidence. Slips found by police, behind the ice cream counter in a confectionery at 4401 Central Ave., were declared by the judge to be insufficient to establish the "corpus delicti" in the case of Frank Handy. In the case of Joseph Hargrove, E. 43d St., a hard-fought battle to keep an alleged conversation between the defendant and the police out of the testimony, ended when Judge Hull overruled defense Atty. Wm. R. Geen's motion, and Sergt. Emil Smetana testified:

"He (Hargrove) said he didn't 'know nothing' about it."

The extended legal battle between defense Attys. Green and Larry Payne, councilman ("Blossom Triplet"), and Assist. Police Prosecutor Sherwood Hirstius, which lasted until 4 p. m., followed the inauguration of workhouse sentences in gambling cases by Judge Hull, last week Wednesday.

PECULIAR STANDARDS IN CUBA

BLACK IS WHITE AT WILL, AND VERY LITTLE "COLOR-LINE".

White Servants For Blacks as in Some Places in The U. S.—Intermarriage General—Schools Mixed—"Kid Chocolate".

Havana, Cuba.—I notice that colored people and especially the great Negro social and athletic clubs, as a rule, have white (Spanish) servants here. At first I thought I had discovered an exhibition of an inferior complex in that; when I learned something I found it a mere matter of business; the white servants, especially Spanish, are much better servants to the colored people. They are really model servants; they "stay in their place" and do their work much more willingly. When a Negro hires a white servant, he gets more service for his money. So there now!

Everybody's a General.

Cuba has a few less people than Chicago, and the Cuban army has a few less soldiers than New York City has policemen. But the Cuban army, like that of Haiti, is full of "generals." There are 12,000 soldiers in all, and God knows how many generals. In America, it takes nearly 15,000 soldiers to have one general; smaller units have "colonels." But the Cuban army of about 12,000 men has enough generals for you to meet one just any time. The president of the enough generals for you to meet one just any time. The president of the Republic is a general. In fact, one hardly ever sees anything below a "sergeant." Privates seem to be somewhat scarce.

Whites Do All Intermarrying.

Saturday night a prominent Negro government official, the man who was secretary of all the "Special Commissions" of Cuba, dropped dead of heart failure while making a political speech. Sunday morning, I was conducted to his house to pay my respects among the others. And what did I find? A Negro family, brown people, living in an old Spanish residence; several daughters—one married to a white man, one to a coal-black man—and the other two daughters being still single and society belles. Now, the white son-in-law is far more attentive to the family than the black son-in-law. They tell me that in Cuba, where there is no law against race mixture, about all the mixing is done by white men marrying colored women. Somebody please tell Cole Blease that, so that he will know all his efforts to protect the "purity" of the white race must be spent on the white race; he need not make any more speeches to, for, or about Negroes. Tell him to have a confidential talk with the white gentlemen. The President of Cuba attended the wedding of the one who married the coal-black man.

Schools Are Mixed, of Course.

There is no segregation by law in Cuba, although Cuba has more colored people, **in proportion,** than the United States, and more than in many southern states. The schools are all for everybody — and that means teachers, also. You find colored teachers and white and mixed; and colored students and white and mixed, in public schools. Some blessed Americans have started some all-white schools, here and there. The city band, playing twice a week in the park, as in Cienfuegos, will have white, mixed, and coal-black musicians in it. All the hotels are open to all in such a place. (Americans have started discriminations, which have grown worse in Havana, where Americans frequent, than in other parts of the republic.) There is voluntary segregation in most social clubs; the colored club, the Spanish club, and the "white" club. The reason why "white" and Spanish are different is the fact that the Spaniards make themselves exclusive from the newer whites in club life. There is no segregation in the army; no "colored regiments."

Island 75 Per Cent Colored.

Cuba is, perhaps, 75 per cent colored and black. When some white maniac tells you that Cuba is 70 per cent "white," you must bear in mind what "white" means in Cuba. Almost any light-skinned person is white if he elects to be. All the mixed bloods, of lighter skin, are white. If one parent is black, coal-black, and the other is white or just light, and the children are light, those children are "white." When any census or record is being taken the enumerators will ask any brown-skin, whether he wants to be put down as white or colored, as such person chooses his own "race."

Kid Chocolate "White".

Also in Cuba, among Cubans, you are "white" if you be famous, or rich, or powerful—whatever your color. If you are a "Kid Chocolate," champion coal-black boxer, you are "white," for all practical purposes. There are green ripe oranges in Cuba. The stranger hesitates to buy them, thinking that they may be sour, or unripe. Inside they prove to be golden ripe, like other oranges. The green-skinned orange seems to be the prevailing one on the market here. Also the lime, or green-skinned lemon, is the substitute for our "American lemon," as they call a regular lemon here.

Names of Stores.

With all its peculiarities, there are attractive things about this country and its people. They have an artistic sentiment. A business place will have an art-name. In Cienfuegos I saw a clothing store named "El Gallo," and by it stood a shoe store named "La Opera." In Santa Clara the railway station has a name, the name of a woman who was a charitable benefactor of the town. Suppose, for illustration, that in New York City, instead of calling one station the Pennsylvania Station and the other the Grand Central Station, we should label one "Sarah Smith" and the other "Mary Jones," in honor of some famous females of New York history.—Wm. Pickens in Baltimore Afro-American.

ITALY HONORS VIRGIL PUPILS!

Fourteen Year Old Afro-American High School Lad Second in the Awards.

The best translator of tough and tricky passages from Virgil — the Waterloo of many a high school senior—in Greater Cleveland's secondary schools is Francis Silver (white), last year a senior in and graduated, last June, from Hawken School. His closest competitor is Robert Coleman, only 14 years old, last year a senior in and graduated, last June, from Central High school. With seven other winners of prizes offered in connection with Cleveland's Virgil bimillenary celebration, this month, Silver and Coleman will receive medals from the Italian government. Medals and three cash prizes will be presented by Supt. R. G. Jones of the public schools in Cleveland College auditorium on Oct. 18 at 8 p. m. Announcement of the awards was made, last week Tuesday night, by Dr. Emil B. de Sauze, teacher of foreign languages. Silver will get a $50 prize with his medal, and Coleman will get a $30 prize with his medal, two of nine struck off in the Italian Royal Mint through the efforts of Count Cesare Buzzi-Gradenigo, Italian consul, who will participate in the bimillenary celebration.

DU BOIS' BAD "BREAK."

Invited as a Speaker He Says Puritans and Pilgrims Were Prostitutes and Jail Birds From London.

Boston, Mass.—Prof. W. E. DuBois, editor of the Crisis, was a speaker at the Tercentenary Celebration at the Roxbury Memorial High school, recently, and shocked all puritanic Boston when he declared "anybody who says that the Puritans and Pilgrims did not believe in slavery and practice it did not know their history." He was introduced as an honorary president of the society of the Descendants of Early New England "Negroes" but told his audience that "this is a belated celebration of the 300th anniversary because when we should have been observing the occasion in 1919 we were busy fighting in the World War." He also said "real history would prove that the Puritans and Pilgrims were prostitutes from the streets of London and jailbirds on whose heads Scotland Yard had stamped the insignia of crime." More "shock"!

"Gorilla" Jones to Box Firpo.

One of the men who holds a decision over the pseudo welterweight "Champion of the World" Tommy Freeman, is to appear in one of the three 10-round bouts that are to open the fall-clouting season in public auditorium, Oct. 14. That individual is "Gorilla" Jones, hard-hitting "Akronian," who signed, last week, to meet Henry Firpo.

Harry C. Smith.

Sworn to and subscribed before me this the 1st day of October, 1930.
(Seal) Paul Apple,
Notary Public.
(My commission expires Sept. 26, 1933.)

At the East End Republican club meeting, Tuesday evening, Atty. Charlie White again undertook to make the members of that organization believe that he is correct in his "Martin" statement and that Mr. Emmett Meads is not. **He will hardly succeed** for reasons stated in the article headed **"Which Is the Prevaricator?"** to be found elsewhere in **The Gazette.**

Last week Thursday, "Hoover day" in Cleveland, "a bunch of (Communist) paraders started to run up E. 12th St. and I sent some of my motorcycle men to order them to turn around," Capt. Savage said. "The next thing I knew I heard windows crashing and I saw a colored fellow with his mouth bleeding who had been arrested." Of all the scores of Communists trying to "raise cain," last week Thursday, the "Colored brother" (Communist) was the only one to get hurt (and he got it in the mouth.) **As usual.** Too bad!

OFFICIAL STATE-SEGREGATION.

If the daily newspaper announcement, reproduced elsewhere in this paper, of the appointment of Sam V. Perry by Gov. Myers Y. Cooper or his director of state welfare, Hal H. Griswold, is correct, the appointment, **limiting** Perry to work among "members of his own race" only, is an insult to Ohio Afro-Americans and the publication of the fact is but **adding injury to insult.** Also, the segregated bureau for Ohio Afro-Americans only, of Director Griswold's state department of public welfare is another **insult and injury** the governor should be held responsible for. The bureau was created to provide a job for that Ku Klux Klan sympathizer and co-worker, Rev. E. W. B. Curry, of Springfield, who died, several months ago. Curry was the only well-known Afro-American in the state of Ohio that Myers Y. Cooper could get to espouse his cause when a candidate for governor the first time, four years ago, and was defeated.

THE BULKLEY ANSWERS.

At Sunday's meeting of St. James forum, Ex-Congressman Robert J. Bulkley of this city, Democratic candidate for U. S. Senator, is alleged to have said:

"Any law that cannot be honestly and efficiently enforced should be repealed."

We would like to ask Mr. Bulkley if he includes in this statement the 18th and other Amendments to the U. S. Constitution which are not being "honestly and efficiently enforced?"

He also is alleged to have said that he was "opposed to the federal government's interference in matters which rightfully belonged to the state."

Is this a declaration in favor of states' rights, Mr. Bulkley?

In answer to a question concerning the Democratic party of 1860 and 1930 Mr. Bulkley is alleged to have said that

"The question of human slavery is no longer an issue."

This answer is vague and must be amplified to fully satisfy. When asked if he would introduce an anti-lynching bill, he failed to give a direct or satisfactory answer. Direct and satisfactory answers from Mr. Bulkley are absolutely necessary because his election will add strength to the Democratic minority in the U. S. Congress which controls the Democratic party which of course includes every northern Democratic member of the Congress—Senate and House.

BE LOYAL AND SENSIBLE.

The Empire Savings & Loan Co. held an openmeeting at St. Paul Zion A. M. E. church, Monday evening, with a view to increasing confidence in the stability of the organization. The company's recent cash loss of $4180, because of the unfaithfulness of one of its employees, **is fully covered by bond,** its officials announce, and that ought to satisfy **its stockholders, patrons and the general public, especially that part of it made up by our people.** The surest way in the world to cripple, if not destroy, the company, is for those who have invested in it, or have funds on deposit with it, to sell their interest or withdraw their money **now,** because that would result in a "run" on that business enterprise that would break the average local bank, these days. **Don't get scared! Don't get "cold feet"!** There is no good reason for it, as the Empire Savings and Loan Co. will go right on living, **and living well, unless our people rush in now and wreck it,** and that would **hurt all of us** in this community by destroying the confidence of the other group, as well as many of our own, in our ability to successfully do business of almost any kind. **Don't be foolish!** Stand by the Empire Savings and Loan Co., **now,** if ever! There is only one thing to fear and that is the "brother" or "sister" with "cold feet."

To show everybody in the community our confidence in that business enterprise, let us do something material, at once—**the thing that will restore confidence** and help **when** it is most needed! What twenty-four persons will join the editor of **The Gazette** in depositing $100 or $200 cash, each, in the Empire Savings & Loan Co., Tuesday, as "an earnest of good will?" Come on now, you "leading local Negroes of Cleveland"! What say you?

Bill Robinson, Actor, Shot.

Pittsburgh, Pa.—Bill Robinson, age 54, theatrical star and best tap-dancer, regardless of race or group in the country, and possibly in the world, was shot in the left arm, Sunday, by a policeman who mistook him for a purse-snatcher Robinson was pursuing. He was not seriously injured. The purse belonged to Mrs. Annie Bies (white) who screamed and pointed out the fleeing youth as Robinson was leaving his hotel, Sunday. He dropped his bags and gave chase. The purse-snatcher, a youth of the race, escaped.

More "Jim-Crow!"

Columbus, O.—Appointment of Samuel V. Perry, of Cleveland, as a parole officer, effective Oct. 15, was announced, Monday, by Hal H. Griswold, state welfare director. Perry is to work in Gov. Cooper's "jim-crow" department with the paroles of his own race only, in Cuyahoga and other northeastern counties.

OHIO'S MOB VIOLENCE ACT

OR ANTI-LYNCHING LAW LEADS THE COUNTRY IN EFFECTIVE LEGISLATION

Against the Mob and Lynch-Murder—Three Years' Work of a Member of the Race—Also His Ohio Civil Rights Law.

Our mob-violence or anti-lynching bill was introduced in the Ohio legislature in 1894 and re-introduced in 1896. It took the Hon. Harry C. Smith, editor of **The Gazette,** just three years to secure its enactment into law. The Ohio Supreme Court has several times upheld the constitutionality of the law and it has been very effective. Illinois, Pennsylvania and New Jersey have followed Ohio's lead and enacted mob violence or anti-lynching laws which are copies of our Ohio law. Several other northern states and at least one border state (Kentucky) have also enacted anti-lynching laws, in recent years, like Pennsylvania and New Jersey. The Ohio law follows:

MOBS.

Section
6278. "Mob" and "lynching" defined.
6279. "Serious injury" defined.
6280. Damages in case of assault.
6281. Damages in case of lynching.
6282. Damages recoverable by legal representative of victim of lynching
6283. Person suffering death or injury by mob trying to lynch another.
6284. Limitations of action.
6285. Order to include recovery and costs in tax levy.
6286. Guardian's custody, etc., fees.
6287. County's right of action against member of mob.
6288. County's right of action against another county.

If there be no widow or minor children surviving such decedent, such sum shall be distributed among the next of kin according to the laws of the distribution of the personality of an intestate. If a mob carries a prisoner into another county, or comes from another county to commit violence on a prisoner brought from such county for safekeeping, the county in which the lynching is committed may recover the amount of the judgment and costs from the county from which the mob came, unless there was contributory negligence on the part of officials of such county in failing to protect such prisoner or dispurse such mob. (93 v. 163 11.)

Section 6289. This chapter shall not relieve a person concerned in such lynching from prosecution for homicide or assault for engaging therein. (93 v. 163 12.)

OUR OHIO CIVIL RIGHTS LAW

Upon the request of many readers of **The Gazette** we print below the text of the Hon. Harry C. Smith's Ohio Civil Rights law which the editor had enacted while a member of the 71st General Assembly, in 1894:

The General Code of Ohio:

Sec. 12940. Whoever, being the proprietor or his employee, keeper or manager of an inn, restaurant, eating house, barber-shop, public conveyance by land or water, theater or other place of public accommodation and amusement, denies to a citizen, except for reasons applicable alike to all citizens and regardless of race or color, the full enjoyment of the accommodations, advantages, facilities or privileges thereof, shall be fined not less than fifty dollars nor more than five hundred dollars, or imprisoned not less than thirty days nor more than ninety days, or both.

Sec. 12941. Whoever violates the next preceding section shall also pay not less than fifty dollars nor more than five hundreds dollars to the person aggrieved thereby to be recovered in any court of competent jurisdiction in the county where such offense was committed.

This law nas repeatedly been held constitutional and good law by the Ohio Supreme court. The trouble is our people will not use it as often as they should, but expect it to do for them what they should and must do for themselves, **under it, in the courts.**

CHARACTER.

Character, like a fine old tree, matures slowly and is a riper growth than success that is forced as hothouse products are forced. Character in a newspaper develops through years of service to the people. For **forty-eight** years **The Gazette,** under its present management, has been serving our people of this country. It has gathered a reader clientele whose tastes it reflects, and whose power and responsiveness to buy are **direct** measures of its present importance to every advertiser.

EDITOR.

OUR LESSON

We must learn to govern ourselves and work together for our own advancement. If we do not learn to govern ourselves and work together for our own advancement, we may be very sure that we will be governed by others in their own interest as well as worked by others for their own advancement and not ours.—George W. BAYER ASPIRIN is always SAFE

Beware of Imitations

GENUINE Bayer Aspirin, the kind that doctors prescribe and millions of users have proven safe for over thirty years, can easily be identified by the name Bayer and the word genuine as above.

Genuine Bayer Aspirin is safe and sure; it is always the same. It has the unqualified endorsement of physicians and druggists everywhere. It does not depress the heart, and no harmful effects follow its use.

Bayer Aspirin is the universal antidote for pains of all kinds.

Headaches	Neuritis

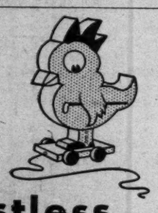
Aspirin is the trade-mark of Bayer manufacture of monoaceticacidester of salicylicacid.



Restless CHILDREN

CHILDREN will fret, and often for no apparent reason. But there's always Castoria! As harmless as the recipe on the wrapper; mild and bland as it tastes. Yet its gentle action will soothe a youngster more surely than a more powerful medicine.

That's the beauty of this special children's remedy! It may be given the tiniest infant — as often as there is need. In cases of colic, diarrhea or similar disturbance, it is invaluable. A coated tongue calls for just a few drops to ward off constipation; so does any suggestion of bad breath. Whenever children don't eat well, don't rest well, or have any little upset—this pure vegetable preparation is usually all that's needed.

"COOLIDGE GOOD TIMES"

And "Hoover Prosperity" Coming in Three Years, Says Premier Mussolini of Italy.

Rome, Italy. — Premier Benito Mussolini declared, last Tuesday, that only war can prevent the world's economic recovery within three years. He said Italy is working for peace. The Italian dictator warned against too optimistic an outlook for the immediate future, stating:

"No one can expect a miracle; not even President Hoover, the most powerful man in the richest nation in the world, has been able to do anything."

Mussolini made these declarations in a speech before the National Council of Corporations, in the course of which he reviewed the world economic situation. He added:

"I believe the economic crisis reached its peak with the latest Wall Street crash. Because world economy cannot perish, improvement is certain from now on."

N. A. A. C. P. URGES McCULLOCH'S DEFEAT!

Many Delegates Opposed to Gov. Myers Y. Cooper's Candidacy for Re-election, Too.

Columbus, O.—Delegates attending a meeting of Ohio branches of the N. A. A. C. P. here, Sunday, voted unanimously to oppose U. S. Senator Roscoe C. McCulloch for election to the Senate, this fall. Sentiment for Ex-Congressman Robert J. Bulkley of Cleveland, Democratic candidate opposing McCulloch, was strong. The delegates decided, however, to conduct their campaign on an anti-McCulloch platform rather than on a pro-Bulkley platform. The campaign will be strictly non-partisan, according to Atty. Charles W. White, a member of the executive committee of the Cleveland branch. Hon. Harry E. Davis and Atty. Wm. R. Green, other members of the committee, did not come to the conference.

The delegates roundly denounced McCulloch's stand, last May, in favor of the President's appointment to the U. S. Supreme Court of Judge John J. Parker of North Carolina.

"In taking this action the N. A. A. C. P. is not affiliating or co-operating with any political party," said the statement issued. "Its action is wholly an independent one, planned, financed and carried to consummation by the organization itself. The issue is clearly drawn.

"Senator McCulloch chose to override the protests of his Afro-American constituents and of liberal Americans throughout the country who were against placing upon the Supreme Court a man who had urged, through motives of political selfishness, that parts of the Constitution and rights of Afro-Americans be disregarded."

Many delegates were also unalterably opposed to the re-election of Gov. Myers Y. Cooper whom they helped to defeat four years ago, and bitterly opposed two years ago, because of his mistreatment of Mrs. Hettie G. Taylor and sister, leading members of the race, who live at 3252 Delaware Ave., Cincinnati, O. Mr. Cooper's persecution of these home owners as the result of a real estate deal, which netted them a home in a section of the city where prejudice whites objected to their presence, is still fresh in the minds of all of our people of the state of Ohio. The Governor was at that time the head of a real estate company and sought in various questionable ways to dispossess these two ladies, one of whom was a school teacher. They say that he will not have the Hoover landslide of two years ago to carry him thru, this fall.

YOU KNOW ME, AL — He's Sure To Know Her — By RING LARDNER

Friend Al,

You remember this girl Hazel Black who used to live at the Boarding House with Dugan. Well, she wrote me a note the other day and said she would like to see me because I guess she probably read where I was standing these here tooth pick swingers in the National League on their heads. I suppose I'd better see her, but I'll have to tell her I'm married and I know now how these movie actors feel when they get mash notes.

Bush is sore at me because I got suspended again, but Kid Dugan has promised me a piece of his purse so I guess I don't care whether I play baseball or not and when the Pirates begin to fall out of the league without me, maybe Bush'll tear up my old contract which calls for a salary that is hardly worth the price of the paper. You know me, Al.

Your friend,
Jack Keefe.

WHY DIDN'T YOU ASK HER? TELEPHONE CONVERSATIONS AND POSTAL CARDS AIN'T NO SECRETS FROM YOU
I MIGHT AS WELL TALK TO HER. IS SHE GOOD LOOKING?

MILLINERS BROADCAST MESSAGE OF VELVET, VELVET AND VELVET!

MILLINERS have become exceedingly velvet conscious. At every turn in the realm of the hat-beautiful for fall and winter one is reminded of the favor expressed for velvet in black, in colors and in white, for some of the most enchanting little berets the autumn sun, the moon also for that matter, e'er shone upon are styled of white transparent velvet if not of wide white velvet ribbon.

The illustration tells the story of the picturesque trends and flattering ways of the new velvet chapeaux. You may be assured that these choice models are "real millinery." That wee diamond-shaped trademark which you see printed to the right tells you so. It is a guarantee of these styles being authentic and authoritative, since it bears the letters A. M. F. A.—which being interpreted means American Millinery Fashion Authorities, the membership of which consists of a select few of our "ain countree's" foremost millinery fashionists.

The first lovely velvet creation in the group illustrated is a beguiling affair, with one of the new flattering set-back-from-the-face brims which invites you to show your wavy tresses and look your most fascinating. It has an inset of contrasting velvet. The back brim is shirred. The original is a Descat model.

The hat below which flares from the face with such a nonchalant air is a medium tricorne shape. The edge of the brim is handworked all around. Uncut velvet in contrasting shade, turquoise on black or with brown being a favorite theme, gracefully meanders across the crown.

That quaint little bonnetlike cap at the top to the right is made of Lyons velvet, which is significant, as it confirms the report from Paris that velvet of firm weave will this season share honors with thin-as-chiffon transparent types.

The last hat calls attention to its swanky tip-tilted pose. It is fashioned of wide velvet ribbon and color contrast is emphasized—any color scheme which tunes in with the costume with which it is to be worn.

STUNNING SPORTS TOGS STRESS HANDSOME BRIGHT PLAID WEAVES

GAY plaids are scheduled to enliven the sports mode. If you are up on Scottish lore you may choose the plaid of your favorite clan, for native designs and colorings have been faithfully reproduced in many of the new weaves.

This blouse of plaided woolen is style-revealing in several points. Perhaps the most significant thing about it aside from the fact that it is made of modish plaid is the fact of it being an over-blouse instead of a tuck-in. The return of the over-the-skirt blouse is assured for fall and winter.

In fact so insistent is the call for the over-blouse that even the dressiest types to wear with the very elegant velvet suits will be of this sort.

However, we digress, we started out to tell about this very chic sports outfit, and especially about the exploitation by designers of plaid at outdoor events and for travel and town wear. There is much to be said on this subject for Paris is quite plaid inclined for fall. A French model which made an instantaneous hit with every one who caught a glimpse of it, is an ensemble costume. The suspender dress or shirt with shoulder straps, to be more accurate, is of black broadcloth, as is also the blouse, necessarily a tuck-in because of the suspenders and fashioned of handsome quality kind, big bold red, yellow green, blue and white gingham.

Speaking of suspender skirts reminds of the importance of the jumper dress this season. They are coming in for considerable attention, not only in the schoolgirl realm and for children, but the smartest kind of golf costumes are made of bright plaid ratine. These dresses button up the front in the simplest manner. The advantage, besides being good looking, is that the sleeveless dress affords changes in the blouse, thus transforming the appearance. There is a coat to top this dress.

Just a word in regard to the fur sports coat which the young woman is wearing over her nifty plaid blouse in the picture. Coats of this character are the smart thing for sports wear. Every up-to-date wardrobe of the athletic woman includes one.

SAFETY WINTER DRIVING HINTS

Travel Made More Comfortable and Safe if Suggestions Followed.

Not so long ago, it was the custom with a great many people to put their automobiles "up for the winter." But now, because of improvements in streets and roads and automobiles, winter driving is almost universal.

There are still, however, winter problems and winter accident hazards. Toward overcoming these winter problems and winter accident hazards, the National Safety council makes ten suggestions for safety in winter driving:

1. Put anti-freeze solution in your radiator. This may prevent a lot of grief and possible danger. Moreover, this solution should be varied in accordance with the general average of the temperature.

2. Change your crank case oil. Oil of lighter grade usually will give better results during periods of low temperature. Also such oil, for best results, usually should be changed more often.

Racing Engine Is Bad.

3. Don't race your engine. Racing your engine, to get it "warmed up," and running your car with open choke, before the oil in your engine is sufficiently fluid to flow easily into all parts, may result in scoring the cylinder walls, ruining the pistons and burning out the bearings.

4. Use lighter, more fluid grease. One mile of winter driving is said to be equivalent to ten miles of summer driving, hence lighter grease and more frequent lubrication is advisable.

5. Never run your engine in a closed garage. The carbon monoxide exhaust from your engine is a deadly poison—especially dangerous because it cannot be smelled and cannot be seen.

Be Sure of Brakes.

6. Be sure of your brakes. On icy, slippery streets the stopping distance is greatly lengthened as compared with road surfaces that are dry. This makes it especially important that brakes be in good condition, relined and adjusted for winter emergency.

7. Equip your car with bumpers. Spring bumpers not only save radiators, fenders and gas tanks from damage, but frequently prevent cuts, bruises and broken arms.

8. Protect your engine. As a winter precaution there always should be some means for controlling the intake of cold air through your radiator.

9. Take care of your batteries. Extremely cold weather demands special attention to batteries, because of excessive use in starting and greater use of lights. Many motor accidents have been caused through the failure of batteries in emergency.

10. Drive carefully—always.

Unvarnished Auto Tags Found to Wear Better

In an effort to determine why some automobile license plates fade in a short time while others last a full season, scientists of the bureau of standards submitted them to tests in a weathering machine, says "Popular Mechanics Magazine." Some plates were given glossy coats of varnish to preserve them, while others were left duli, and all were exposed to the effects of the artificial weather maker, which in thirty-seven days subjected them to the wear and tear to be expected from months of hard use on cars.

In every instance it was found that the duli tags outlasted those that had been varnished, and stood the test better.

Gotham Seeks "Chokers" for Noisy Auto Horns

In its fight on all kinds of noises New York City's health department has invited automobile horn manufacturers to serve as a subcommittee which will draw up specifications for a less raucous horn.

The type of horn desired in New York is one which will give ample warning without being unnecessarily noisy. According to studies thus far made, the average horn is far noiser than needs be, and it has been developed that it need not be startling to be effective. When the new specifications are drawn, no horn will be permitted to exceed them in actual noise production.

Women Favored as Best Automobile Drivers

Pointing out that the mooted question as to whether women or men are the best drivers will probably never be settled to the satisfaction of all concerned, the Chicago Motor Club submits, for what they may be worth, some recent surveys which seem to favor the women.

The surveys, according to the motor club, were made by several authorities, and were not intended, primarily, to determine the driving merits of the two sexes.

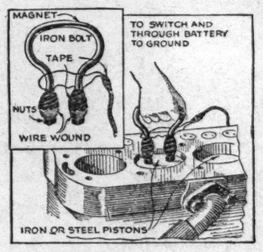
"Several of the surveys, which took into consideration a number of states and cities and which was made on a nationwide basis, indicated that women compromise 24 1-3 per cent of all drivers in the United States," the club declared in a statement.

"Another survey, also made on a city and state basis, showed that out of 569,960 drivers involved in accidents, 33,830 of them, or 6 per cent, were women.

"Thus, these surveys roughly indicate that although one out of every four drivers is a woman, they become involved in only one accident in every seventeen."

Magnet Useful to Test Rod Bearings and Pins

If your motor is fitted with iron pistons, it is possible to test for loose wrist pin or connecting rod bearings by the use of an electromagnet such as is illustrated. Of course, it will not work on aluminum alloy pistons. Secure a three-eighth or one-half-inch bolt from fourteen to sixteen inches long. Bend it into a U shape, being sure to have the ends considerably nearer together than the diameter of the cylinder. Place a nut on the threaded end of the bolt and rivet it in place. Now wind the two coils around the ends of the bolt. Use any size wire from twenty-two to twenty-eight and put



An Iron Bolt Is Bent Into Horseshoe and Wound to Form a Magnet to Test Iron Pistons.

on as many coils as you can and still keep the outside measurement within the limit of the cylinder diameter. Wind the wire in one direction on one end of the bolt and in the opposite direction on the other end, so as to produce north and south poles.—Popular Science Monthly.

AUTOMOBILE NOTES

Never guess what some other user of the road will do.

* * *

Always be alert; do not allow your attention to wander from your job when driving.

* * *

Keep your car in perfect mechanical condition—particularly brakes, steering gear and headlights.

* * *

Give children the right of way whether they have it or not, and respect the rights of all pedestrians.

* * *

A motorist who dropped out of sight for several days with his car was found cruising about aimlessly in a two-ramp garage.

* * *

Personally we wouldn't think of taking a midget motor car along on a hunting expedition, for fear someone would shoot it for the pelt.

* * *

Overheard in a service station: "You say there's a noise in the motor, eh?" "Yes. Sometimes it's like the busy signal on a dial telephone."

* * *

A gasoline war is threatened. Filling stations may be compelled to depend more on price lists and less on futuristic art in architecture.

* * *

The brothers of "parking hogs" are "traffic pigs" who sneak up beside two waiting lines of cars at an intersection and force their way into line when the lights change.

Bending For Beauty

By EMMA LOU FETTA

WHAT with every American woman looking to the scales and weight charts these days, the subjects of diets, exercises, and proper foundation garments have almost become national conversational habits. Every one interested in becoming clothes must nowadays consider her weight—for the clothes just won't fit if you bulge un-modernly here and there. A definite alliance between keeping fit and keeping in style has therefore been set up.

Setting up exercises vie for attention with costume lines and colors. Colors are a more important consideration than at first glance they would appear. Certain ones—that heavy shade of brown or brilliant red, for instance—tend to enlarge one's aspect, while others—like black, dark blue and deep olive green—seem, to the eye, to diminish one's silhouette.

The modern woman gives particular attention to fleshy spots where a daily dozen will do the most good. She goes after the business of setting herself up for the day in a thoroughly efficient fashion. Illustrated is a typical young American about to do a series of bending exercises. She has donned the most absorptive, yet porous lingerie in her bureau, a fine mesh durene cotton panty and shirt ensemble—the same kind she wears for active outdoor sports when absorptiveness, porosity and sturdiness are salient requirements.

You'll probably be interested in this fine sports underwear and for that reason we speak of it. In addition to being the most practical kind we have seen, it has a lovely texture, soft in the hand and available in charming pastel shades. Moreover it launders like iron. And, of course, frequent laundering is an inevitability with undergarments to be worn for setting up exercises or outdoor sports.

WHICH IS THE PREVARICATOR?

At a meeting of the East End Republican club, last week Tuesday evening, Charles White in addressing the organization made the **misstatement** that **The Gazette's** recent article on Alex. H. Martin's disloyal course (to the race) in a meeting of that organization, some months ago, when Mr. Emmett Meade introduced a resolution placing it squarely in favor of the ousting of the then Color-line Welfare Director Dudley S. Blossom, was not true. The morning after the meeting Mr. Meade told the editor of **The Gazette**, in its office, that Martin's talk had caused the defeat of his resolution and that he (Martin) had "talked it to death." Now comes ward, to flatly contradict Mr. Meade. Since only one of them can be correct, the question is, which one is telling the truth? We believe Mr. Meade, an old resident of Cleveland, successful business man and an aggressively loyal member of the race whose reputation for truthfulness has never been questioned. Mr. White, a young man, practically a newcomer to Cleveland, should be more careful in contradicting a person of Mr. Meade's standing in this community. In our judgment Martin was and is guilty, and as we have said several times in recent months, has forfeited any right to the support of our loyal people of this community by the disloyal act in question. The result of his candidacy, this fall, for a position on the common pleas bench will prove this, too.

Joan's Comfortable In Cotton

By EMMA LOU FETTA

THIS seems to be a very contented pair. We are told that the elder young lady's name is Joan and that the young child at her side is named "Brighty" which we're certain must be a very bright and proper name, if Joan says so.

Incidentally Miss Joan is a very well dressed child, and that in addition to her personal charms including blue eyes, golden hair and a devastating smile, was the reason we asked her to pose for a photograph.

Joan's mother is one of those modern women who have come calmly through all the rush and turmoil of the post-war years when fashions for old and young alike seemed always to be hovering near oblivion of common sense. She, however, has held steadfastly to the contention that good taste for children is never fussy ostentatiousness, nor on the other hand ugly plainness.

The heavy pleated skirts and wools of Joan's mother's own youth are a nightmare memory. Joan, when she wears wool, wears light and not "heavy, heavy hangs on your shoulder" materials. Frequently Joan's "heavy" dresses for cold winter days are these simple little two piece jumper blouse and simply pleated skirt ensembles made of a fine mixture of wool knitted with soft durene cotton. This makes a strong and quite sufficiently warm material for these days of heated houses and school rooms.

Jumper and pleated skirt costumes for youngsters of Joan's age frequently have matching bloomers. A beret is the ideal millinery note for such an outfit.

IS IT ANY USE TO CONTEND FOR RIGHTS?

Colored Americans are the only race, responsible members of which are in favor of submitting to discrimination on the claim that their race "always will be discriminated against." The Jews are still contending, after over 1900 years of universal discrimination, and are winning even social rights today. The Irish at home have contended for 700 years and are winning because they will die rather than submit. The race that says it's of no use to resist, downs itself and the world then will say, "Negroes are not worthy of equal rights; they are by nature without self-respect and have no 'guts'." The world respects only those who resent and resist proscriptions for race.

Let us be worthy of the abolitionists, worthy of our own fathers who have died in every war to vindicate the title of their race to equal liberty, and forever resist denial of rights in our native land, however long race discrimination may continue. To submit is to deserve contempt.—Boston (Mass.) Guardian.
